RE: 1031 Canal Street
Permit #13-43014-NEWC and
Permit #13-43016-NWEC

Dear Mr. Munster,

This letter is in response to your letter of February 11, 2014 regarding the permit fees for the above projects. We are preparing the payments of the permit review fees and noticed that the HDLC fees were applied to both the façade permit (13-43014-NEWC) and the main structure of the building permit (13-43016-NEWC).

We feel the HDLC review fee of \$109,881.00 for permit 13-43016-NEWC may be in error since there was no review of the interior components of the building by the HDLC.

Please advise as to the actual plan review fee so we can prepare the proper payments.

For your convenience we have attached your letter of February 11, 2014.

Thank you for your assistance with this matter.

Regards,

Harry Baker Smith, Jr. Architect, AIA, NCARB
